

JIANGJIYUAN WANG

Email : wjjy666@sjtu.edu.cn

EDUCATION

- **SEIEE,Shanghai Jiao Tong University** Shanghai,China
B.S. in Information Engineering
TOEFL:94

EXPERIENCE

- **Machine Vision and Intelligence Group,SJTU,Research Intern**
Supervised by Prof Cewu Lu September 2024 - May 2025
 - we proposed an articulated object generator with three appealing properties: 1) asset-free spatial structure generation through stochastic generation rules, 2) realistic geometric detail generation and 3) large-scale support for object categories and knowledge that can be annotated.
- **Feeling AI,Research Intern**
Supervised by Dr Bo Dai March 2025 - Present
 - We focuses on the automated optimization of motion data, involving the design of a fully automated scorer to evaluate and optimize input motion from multiple dimentions.

SKILLS

- Python(Pytorch),C++,Latex,Assembly language,Linux
- Language:English(TOEFL 94/120),Chinese(Native)
